

ATS1830

ATS RAM expansion (1MB)

Product Overview

The ATS1830 is a standard 1MB memory expansion module for ATS2000, ATS3000 & ATS4000 series only. It increases the capacity to 2000 users in IUM mode or 11466 users, in non-IUM mode. The ATS1830 is standard available in all NFa2p, VdS and EN approved control panels.

In one system the control panel and all ATS125x/ATS126x door and lift controllers are required to have the same memory size.
